

EMBOSSED VINYL

HIGH QUALITY
ANTI-TEAR
PVC LEATHER

Embossed Vinyl is a fabric intended to substitute for leather in fields such as upholstery, accessories, and fabrics, and other uses where a leather-like finish is required. It is cost effective, easy to use and prevents animal cruelty.

Embossed vinyl fabric is valued for these types of demanding applications because of their strength, durability, and flexibility giving them a superior ability to withstand abrasion and distortion while creating an attractive leather look. PVC fabrics are also preferred by many manufacturers for their ease of use, versatility, water and chemical resistance and longevity. They also require less energy to produce than most other types of industrial fabric. This is part of the reason they are so cost-effective in terms of enabling manufacturers to produce quality goods for less.
